Museum of Mortality
Volunteer Form

Museum of Mortality is looking for volunteers to work with us. Do you have a special interest, a special gift, or a passion for history? Well we need you! Looking for help with putting together mailing lists, newsletters, articles, videos and so much more! When we open the mini version of the Museum of Mortality here in Burlington, WI we will even need docents to help with watching over the collection and assisting people with questions. Let us know what you would like to do.
